Nuremberg Moot Court 2026

Clarification on Points of Fact

Thank you for your interest in and enthusiasm for the Nuremberg Moot Court 2026.

Preliminarily, it is important to note that a moot court scenario is, by definition, necessarily vague in order to provide enough room for debate and the development of arguments for both the prosecution and the defence.

Kindly note that we have considered all the requests for clarifications on points of fact carefully. Questions raised but not addressed below were considered already answered by the case or irrelevant for the preparation of the Pre-Trial Chamber I (PTC I) hearing.

Your written memoranda shall follow the agenda for the PTC I hearing.

Clarification 1: The International Relief Consortium (IRC) is an international non-governmental organisation.

Clarification 2: After July 2021, although no longer formally acting as a coordinator, Adrian Xaba continued to exercise a degree of organisational influence within KPDM, including involvement in activities described in paragraph 14 of the Case, until early 2022.

Clarification 3: The term “Public communications” in paragraph 14 refers to statements, speeches and messages attributed to KPDM or individuals associated with it that were conveyed publicly to communities in Northern Kivara.
